# Royal Sheffield Infirmary and Hospital

Being the amalgamation of

THE ROYAL INFIRMARY, SHEFFIELD

Founded 1797

THE SHEFFIELD ROYAL HOSPITAL

Founded 1832

THE EDGAR ALLEN INSTITUTE, SHEFFIELD

Founded 1911

## REPORT FOR THE YEAR ENDED 31st DECEMBER, 1947

**A**T the beginning of 1947 there was much speculation in the hospital world as to developments which might occur before the year end, as a result of the National Health Service Act. In some quarters it was held that a certain amount of caution on the part of voluntary hospitals would not be inappropriate.

Neither then nor at any time during the year did the Court of Management allow the uncertainties of the future to deflect or retard it in carrying forward schemes for improvement in the Hospital's services.

In fact, it may be claimed that the development of these services in every direction, and the origination of new schemes, proceeded at a pace not surpassed during recent years.

### NATIONAL HEALTH SERVICE ACT

The new Board of Governors, which will be responsible for the management of the Teaching Hospitals in the new Service, has not yet been appointed. The Court is anxious to co-operate with this new Body, when it is appointed, to ensure continuity of the work of the Infirmary and Hospital, with its well-established traditions and proud record of service to Sheffield.

In the meantime it has been announced by the Minister that the four voluntary hospitals of the City will constitute the Teaching Hospital and will be known as "The United Sheffield Hospitals."

In preparation for the Appointed Day—July 5th, 1948—statements of the Institution's properties and assets have been required. Individual forms have been completed for superannuation purposes in the cases of some 1,500 employees. These and other "returns" to the Ministry of Health have imposed a heavy task on the administrative staff. The Court's legal advisers have been consulted on many matters in this connection.

Important steps have been taken to secure the superannuation rights and reasonable expectation to pensions for all eligible members of the staff.

### REGIONAL HOSPITAL BOARD

The Minister has appointed the Sheffield Regional Hospital Board, to plan and direct the work of the non-Teaching Hospitals in the large area of the new Sheffield Region. The appointment of Sir Basil Gibson, J.P., as its Chairman, in the month of June, was a source of great satisfaction to all connected with this Hospital. Sir Basil, as Vice-Chairman of the Royal Infirmary Board of Management, and Chairman of the Infirmary and Hospital's Joint Advisory Committee working with the University of Sheffield, is well aware of the requirements and plans of the Teaching Hospitals and it is certain that his new appointment will effect the best possible liaison between the Sheffield Teaching Hospitals and the whole of the new Region. Other Members of the Court of Management were selected by the Minister of Health to serve on the Regional Board and we are happy to have these personal contacts.

## JOINT ADVISORY COMMITTEE

The many and varied special activities of the year are perhaps best typified by the work of the Joint Advisory Committee. This Committee was appointed at the beginning of the year, and is the successor to the Development Committee formed in 1945. With Sir Basil Gibson as Chairman, membership comprises (in about equal proportions) representatives of the Court of Management, the University of Sheffield, and the Honorary Medical Staffs.

This Committee is to be complimented on the extraordinary amount of work undertaken in its first year, the extent of which may be gauged by the following list of schemes or proposals receiving its consideration, most of which were originated during the year :

FOR THE ROYAL INFIRMARY—New Theatre Suite and Wards for the Department of Neuro-Surgery ; adaptation of old Theatre to be new Ophthalmic Theatre ; extensions to Medical Residency with additions for Medical Students ; Lecture Room and Laboratory block (including accommodation for proposed Professorial Surgical Unit) ; alterations and extensions to Clinical Laboratories.

FOR THE ROYAL HOSPITAL—Medical Students Residency ; new General Dining Hall ; modernisation of kitchens, etc. ; Medical Students' laboratories ; Genito-Urinary Department (to provide approximately 44 beds).

FOR NURSES' HOMES—Development of Tapton Court site ; Annexes at 60, Clarkehouse Road, and 1, Rutland Park ; adaptation of Tapton Edge (for present use) ; future extensions to Tapton Edge.

The majority of these projects, proposed or in hand, are regarded as "immediate requirements," and constitute the first stage of the Committee's activities. Mindful of its main purpose of planning the new Hospital and future services (i.e. "ultimate requirements") the Committee is now looking ahead and hopes soon to enter on the second stage of developments which will lead to the long-cherished object of providing Sheffield with one of the finest Hospital centres in the country, and the best possible Hospital service to the community. To this end, with the help of the Medical Committee, preliminary steps have been taken during the year.

## EDGAR ALLEN PHYSICAL TREATMENT CENTRE

The former Edgar Allen Institute (Incorporated)—founded in 1911—was amalgamated with the Infirmary and Hospital in April. The fusion will facilitate the work in physical medicine which had been well developed by the separate institutions in their different spheres.

The newly-formed Edgar Allen Committee (which includes six members of the former Council of Management) will be responsible to the Court for this third Unit in the incorporated Hospital. Mr. E. A. Barker is Chairman.

## COURT

Mr. O. B. STEWARD. Early in the year the Court lost a wise counsellor and great friend, by the death of Mr. O. B. Steward. Mr. Steward never spared himself in his work for the Royal Sheffield Infirmary and Hospital. As a measure of the high regard in which he was held it is recorded that Mr. Steward was the sole nominee of the Institution for election to the Sheffield Regional Hospital Board. He established himself as one of the great personalities in the Hospital world, far outside Sheffield, and particularly in connection with Contributory Schemes. Probably no other personality could have seen the Sheffield Hospitals Contributory Association through its "growing pains" and "teething troubles" in just the same way as Mr. Steward did, with such outstanding success. The Court decided to name a Ward at the Royal Infirmary as a perpetual memorial to his great work.

Mr. J. R. TOWNEND resigned the office of Honorary Treasurer to the Royal Infirmary, on taking up residence outside Sheffield. Grateful thanks are extended to Mr. Townend for his valuable services, and the Court is pleased that he is able to continue as a Member. Mr. E. T. Lemmon was appointed to fill the vacancy created in this post.

The following new Members were elected during the year :—

Sir Arthur Winder  
Mr. J. Victor Bibby, *D.S.O.*, *F.C.I.I.*  
Miss N. Smith  
Mr. W. H. Booth, *F.H.A.*  
Mr. G. Jessop  
Professor G. L. Roberts

The Court also welcomed Dr. John Gibb McCrie, *O.B.E.*, who took his seat as the newly-appointed Dean of the Faculty of Medicine, University of Sheffield.

## HONORARY STAFF

The valuable assistance and guidance given by the Honorary Staff in many matters of importance undertaken during the year is gratefully acknowledged. Their unstinted and devoted service to the Patients under their care commands the highest praise, and the skill and sympathy with which their onerous duties are discharged is recognised by all.

The resignation of Dr. A. E. Barnes, *F.R.C.P.*, from the post of Honorary Consulting Physician was accepted with great regret, on his departure from Sheffield to take up residence in Scotland. Dr. Barnes was appointed a Resident Medical Officer to the Royal Infirmary, Sheffield, in 1904. After holding the post of Medical Registrar for three years he was elected an Honorary Physician in 1911, which post he held until his retirement in 1946. As Professor of Medicine Dr. Barnes will long be remembered by a considerable number of former Medical Students who owe much to his skilful teaching and wise counsel.

By the death of Dr. J. B. H. Holroyd in January, the Staff lost one of its most respected Members. Dr. Holroyd had rendered valuable service as Anæsthetist from the date of his appointment in 1925 to the time of his death.

Appointments made during the year are :—

Mr. Clifford T. Watson . . . . .	Appointed Honorary Consulting Dental Surgeon at the conclusion of 25 years' service as an Honorary Dental Officer.
Professor R. S. Illingworth . . . . .	Honorary Physician for Children's Diseases.
Dr. James Carson . . . . .	Honorary Physician, Department of Nervous Diseases (previously temporary Honorary Assistant Physician).
Mr. C. D. P. Jones, <i>M.B.E.</i> . . . . .	Honorary Assistant Surgeon.
Mr. J. T. Chesterman . . . . .	Honorary Associate Thoracic Surgeon.
Mr. W. Gardner, <i>L.D.S.</i> , <i>R.C.S.</i> . .	Honorary Dental Officer (previously Honorary Assistant).
Mr. C. F. Bishop, <i>L.D.S.</i> , <i>R.C.S.</i> . .	Honorary Dental Officer (previously Honorary Assistant).
Mr. W. Raleigh Booth, <i>L.D.S.</i> , R.C.S. . . . .	Honorary Assistant Dental Officer.
Mr. J. W. Shaw, <i>L.D.S.</i> , <i>R.C.S.</i> . .	Honorary Assistant Dental Officer.

## DENTAL COMMITTEE

In succession to a former Dental Staff Committee, the Dental Committee has been formed to advise and report to the Court on all professional and technical matters relating to the Hospital's Dental service. It is believed that this newly-formed Committee will be able to make a valuable contribution to the plans for the new Dental Hospital and School which it is hoped will be erected on the Glossop Road site in the near future.

## NURSING STAFF

Considerable attention has been paid during the year to various matters affecting the Nursing Staff.

Reports on the Nurses' Health were received early in the year from the Royal Infirmary and Royal Hospital, respectively. These Reports contain complete and valuable statistics for the years 1945 and 1946, and an extensive survey of many factors affecting the Nurses' well-being. In June, Dr. Pemberton (Lecturer in Social Medicine and attached to the Professorial Medical Unit) was invited to be responsible for the general supervision of the health of Nursing Staff at both Units, for the time being. At the end of the year discussion was opened on proposals for joining with the University of Sheffield in establishing a comprehensive Joint Medical Service for Nurses' and University Students' Health.

During the year the Royal Infirmary and the Royal Hospital were recognised for the first time for the general training of Male Student Nurses.

Much careful consideration has been given to the publication of the Report of the Working Party of the Ministry of Health and Ministry of Labour and National Service, and the Institution has participated in a number of conferences in this connection.

A special Committee was appointed by the Court to study the problems inherent in the universal shortage of Nurses, and particularly as they affect our own Staff. This Committee, still functioning at the end of the year, has already produced concrete proposals for improvements in the Nurses' working conditions and residential amenities. As a result, the Court has approved substantial expenditure on the acquisition of labour-saving devices and increased domestic staff to relieve the Nurses wherever possible.

On the social side, the resumption during 1947 of the Annual Dances, of the Royal Infirmary and Royal Hospital staffs, respectively, held in the Cutlers' Hall, has been a source of satisfaction to all concerned. A new tennis hard court of the most modern type was opened in July at Tapton Court.

The Sheffield School of Nursing continues to make advances, and the representatives of this Hospital have taken a full share in the management. The Court strongly desires to be associated with the School of Nursing Committee's acknowledgment of the valuable assistance given by Mr. F. M. Osborn and members of his family in providing at "Clarke House" excellent accommodation for the Preliminary Training School. The Court has undertaken its share (ten-twelfths) of the expenditure, estimated at £26,000, on the extensions to "Ranfall" (P.T.S. Nurses' Residence) to be commenced early in 1948.

## GENERAL SUPERINTENDENT

Pending the arrival of the newly-appointed General Superintendent, Mr. W. H. Booth continued his good offices in the New Year. Returning from his retirement on the death of Mr. P. N. Glass, in October, 1946, Mr. Booth gave six months of invaluable help. His public-spirited action in placing himself at the disposal of

the Court in its difficult situation is warmly acknowledged. Mr. Booth's subsequent appointment to the Court of Management was welcomed by all concerned.

Mr. Joseph Griffith took up his new duties at the end of March, 1947, having attended the Meetings of the Court from the beginning of the year, and the Court desire to pay tribute to the conscientious and highly efficient manner in which throughout the year he has borne the multifarious responsibilities of the post of General Superintendent.

### **ROYAL INFIRMARY THIRD JUBILEE**

The Royal Infirmary was founded on October 4th, 1797. To celebrate the Third Jubilee, two Open Days were arranged and the Royal Infirmary was "on show" on November 21st and 22nd. A ceremonial opening was performed each day.

On Sunday, November 23rd, a Service of Praise and Thanksgiving was held in the Cathedral. A sermon was given by the Rt. Rev. The Lord Bishop of Sheffield.

Some 2,500 people visited the Infirmary on the two Open Days, when all the Departments, other than Wards, were open for inspection. The Staffs vied with each other in preparing Exhibitions and Demonstrations illustrating the progress in healing the sick and injured, as made during the 150 years. Some of the Infirmary's historic treasures were on view, including the Architect's model of the original building.

A brochure entitled "*Story of the Royal Infirmary, Sheffield, 1797-1947*" was written by Dr. A. Gurney Yates on behalf of the Sub-Committee responsible for the arrangements.

### **HISTORICAL INTEREST**

It is most desirable that articles of literary, artistic or historical interest belonging to the Hospital should be preserved. An investigation of all such possessions is being made with a view to ensuring their future safe custody and, where suitable, permanent exhibition.

A number of valuable and interesting articles have been brought to light, including Medical Works dating back to the 15th century.

### **DEPARTMENT OF NEURO-SURGERY**

The former Department of Nervous Diseases has been reconstituted to function as three Departments working closely in co-operation, viz: Department of Neuro-Surgery, Department of Neurology, and Department of Psychiatry. The first two named were already well established before this change, and it is hoped that the third will shortly be opened by the appointment of an Honorary Psychiatrist.

The temporary accommodation of the Department of Neuro-Surgery at Fulwood Annexe was deemed to be no longer suitable, and arrangements were made for a transfer to the Royal Infirmary. The Ministry of Health has approved the plans for a new Theatre Suite and two new Wards. The former will be achieved partly by adaptations and partly by building on top of the Surgical Block, and the Wards will be provided by alterations and adaptations in the Main Building and the Norfolk Block. In the latter cases, it is interesting to note that Wards which were converted some 50 years ago to provide residential accommodation will be restored to their original use, but in modern character.

### **MEDICAL PROFESSORIAL UNIT**

The accommodation for the Department of Medicine of the University at the Royal Hospital was completed during the year. The laboratories which are included provide an important supplement to existing Hospital laboratories, and afford first-class facilities for special investigations and research. In connection with the latter,

a small Unit has been established for research on virus diseases. A Department of Social Medicine has also been established and its extremely useful work is closely linked with the Hospital Social Services. Eight beds have been isolated in two Wards, by the erection of cubicles, so that special cases can be observed and treated.

## MEDICAL RECORDS DEPARTMENT

By the appointment of a Medical Records Officer in September, a long-desired object was fulfilled. On entering this new post, the selected candidate, Mr. A. McPhee, attended a special training Course at Oxford and, in accordance with the plans previously approved by the Court, a new system of medical records was in readiness at the end of the year for formal introduction on January 1st, 1948. By that date the Appointments System for Out-Patients had also been devised and will come into operation on the 1st May, 1948. It is perhaps true to say that in the field of modern organisation of Medical records, the creation of this Department places the Hospital in the forefront of the progress now being made at the larger Hospital Centres of the country. Apart from benefits derived directly by the patients (and especially Out-Patients) the records and statistics will be of great value for the purposes of medical research and teaching.

## OTHER DEPARTMENTS

In making good the leeway of the war years, the Medical and Technical Staffs have been strengthened by appointments made from highly qualified and experienced personnel returning from service in H.M. Forces. Departments have been enlarged, or new ones opened, to meet the growing demand for certain specialised services. As an example, the Clinical Laboratories may be mentioned. In this case sectionalisation has been made possible, to great advantage, by the appointment of a Senior Biochemist, a Senior Bacteriologist, a Hæmatologist, a Blood Transfusion Officer, a Neuro-Pathologist, Assistant Pathologists and supporting staff.

A most important advance is the establishment of a Central Station for Syringe Sterilisation at each hospital. The initial financial outlay involved has been considerable, but is fully justified by the most adequate safeguards now provided in the interests of the patients.

Registrars have been appointed in certain Departments. A notable instance is that of the Registrar in Physical Medicine, which is a new departure.

Another innovation was the engagement in September of a (whole-time) Medical Artist.

The Photographic Department introduced in the previous year has progressed towards completion. The central studios and processing rooms are shortly to be opened at the Royal Hospital, and the first of the Branch Studios is already operating at the Royal Infirmary. The appointment of a Chief Photographer at the end of the year has greatly assisted these developments.

Other new posts include additional Almoners attached to special Departments.

## SCHOOL OF PHYSIOTHERAPY

In June a Sub-Committee was appointed, with Mr. E. A. Barker as Chairman, to explore the possibilities of founding a Sheffield School of Physiotherapy. In due course recommendations were submitted, and the Jessop Hospital for Women and the Children's Hospital were invited to join in the deliberations. Visits were made to Schools of Physiotherapy in other parts of the country and it was eventually decided that the Infirmary and Hospital should sponsor the inauguration of the proposed new School in Sheffield. The recently acquired property "Westbourne House" has been set aside as a centre for the School, which is to be opened in October, 1948.

## MAINTENANCE AND GENERAL IMPROVEMENTS

Apart from the major schemes already reported, a considerable amount of necessary improvements and maintenance work has been carried out during the year, or approved for execution as soon as possible where receipt of building licences or other delaying factors are involved. The list of such items is truly formidable, and will incur correspondingly heavy expenditure. This situation has arisen in the main owing to inevitable deferment of work during the war years.

Every effort has also been made, despite the difficulties peculiar to the present times, to keep the equipment of the medical, surgical and other services up to date in every respect.

Essential expenditure in these important directions has of necessity confronted the Finance Committee at nearly every meeting during the year. Needless to say, very careful consideration has been devoted to all such items before any expenditure received approval.

## NEW PROPERTIES

Outstanding amongst new properties purchased is "Fulwood House," bought in October. Approximately 18 acres of land were purchased with this house and lie between the land attached to Fulwood Annexe and that belonging to the Woofindin Trustees (from whom the premises occupied by the Rehabilitation Unit is rented). The total area now available for Hospital purposes in one stretch along the Whiteley Wood Valley amounts to some 50 acres and the significance of this development will be obvious.

Fulwood House is now temporarily occupied as the headquarters of the Regional Hospital Board. The Court is considering the possible use of the land as a Central Sports Ground for Hospital Staffs.

Houses for use as Nurses' Homes were purchased at 60, Clarkehouse Road, and 1, Rutland Park.

"Westbourne House," in Whitham Road, was acquired and is a valuable addition in the vicinity of the Glossop Road site of the proposed new Hospital.

The Hospital recently entered into occupation of Tapton Edge, previously purchased but not vacant, and this was prepared to accommodate 20 Nurses early in 1948.

## DEVELOPMENT OF GARDENS

The Gardens Committee is to be congratulated on the success of its plans, when from time to time during the year additional grounds have been taken over on the purchase of new properties. The additions to the land under the Committee's direction could only be undertaken by increasing the strength of the Staff, but in every case this has followed only after the strictest enquiries into the need. Whereas the Court's former policy was to maintain the grounds of the several establishments in as good appearance as possible with the minimum financial outlay, the scope of activities has been extended to bring the maximum amount of land into cultivation for the production of vegetables and fruit for use at the Unit Hospitals. Accordingly, much new land has been broken up this year. Although the work has largely been of a preparatory nature, the results have already justified the adoption of the new policy. Careful account is made of all costs, and the value of produce, so that the Court can regularly be informed on the financial involvement. An interesting feature is the participation of Patients at the Rehabilitation Unit in gardening work as a part of their physical re-education.

## NEW DENTAL HOSPITAL AND SCHOOL

The site for the new building was partially prepared during the summer months by the demolition of "Broom Bank" on Glossop Road. Authorisation was given for the preparation of Bills of Quantities, and the Architects, Messrs. Adams, Holden

and Pearson (London) have made application to the Ministry of Health for a Building Licence. The cost is estimated at £102,000.

By the expenditure of £2,500 on certain improvements (chiefly the purchase of transferable new equipment), the Dental Department, Royal Hospital, has been strengthened in anticipation of the move to the new Hospital, and to meet current needs.

### VISITS ABROAD

A refreshing return to a pre-war practice has been made by Members of the Staff visiting other countries. In three cases, the visits were to the U.S.A. and Canada. Mr. James Hardman, F.R.C.S., was in these countries from October, 1946, to January, 1947, to study new techniques and other work in Neuro-Surgery. Mr. James C. Anderson, O.B.E., F.R.C.S., paid a similar visit to Urological Clinics during May and June. Miss D. de M. Warren, Matron of the Royal Infirmary, attended the Ninth International Congress of Nursing held in Atlantic City in May, and afterwards visited Hospitals and Nursing Institutions in both countries.

All these visits were productive of valuable information, and the exchange of views and ideas resulted in great benefit to the Infirmary and Hospital.

### LEGACIES

It is indeed gratifying to be able to report substantial financial support received by way of legacies. The following bequests are acknowledged with grateful thanks:—

#### Royal Infirmary

The Executors of:—	£	s.	d.
James Fieldsend (additional) .... .... ....	3,284	12	10

## DEBORAH DAVY BED

This Bed, situated in the Wilkinson Ward of the Royal Hospital, is endowed by a bequest of the late Mr. A. C. Davy (one-time Chairman of the Royal Hospital). The presence of Mrs. Davy at the dedication ceremony held in May was greatly appreciated.

## SHEFFIELD HOSPITALS COUNCIL

As this Report is possibly the last of its kind, the Court of Management wishes to make special reference to the magnificent work of the Sheffield Hospitals Council. The highest possible praise would be required to do justice to the extraordinary record of its success in organising financial assistance to the Voluntary Hospitals. During the 26 years which have passed since the inauguration of the Council's work in 1921, a total of £2,926,998 has been received by the three Units now amalgamated in this Hospital (R.I. £1,660,360; R.H. £1,058,557; E.A.P.T.C. £208,081). These figures speak for themselves, and the deep gratitude of the Court to the Contributors—Employees and Employers alike—the Contributors' Association, the Hospitals Council, and their respective Committees, is commensurate with their truly outstanding accomplishments. It is gratifying to learn that the Council believes it can continue to function on modified lines after the introduction of the new National Health Service.

## FINANCE

A summary of Income and Expenditure for 1947 is as follows:—

				Edgar Allen		
				Physical Treatment		
				Centre (9 months)		
	Royal Infirmary	Royal Hospital				
	£ s. d.	£ s. d.		£ s. d.	£ s. d.	
1947	Total Income .... ....	188,392 17 8		140,914 1 5	12,709 10 3	
	Total Expenditure .... ....	279,121 8 2		234,869 15 7	19,415 6 8	
	Excess of Expenditure over Income .... ....	90,728 10 6		93,955 14 2	6,705 16 5	
	Free Legacies transferred to Legacy Suspense Account ....	10,460 6 6		10,638 19 6	875 0 0	

The full details of the year's finances may be seen in the accompanying Balance Sheet and Statement of Accounts.

In view of the steadily increasing Bank Overdrafts incurred, the Finance Committee called for a Budget of Income and Expenditure for 12 months from June, 1947, to July, 1948. From the resultant estimates it became apparent that the general financial position should be discussed with the Ministry of Health, and in October the General Superintendent visited London for this purpose. The Ministry offered, and the Court accepted, a Grant-in-Aid of £100,000. By this means the Institution's realisable assets can, if desired, be retained until the "Appointed Day," and the new Board of Governors will thereby be enabled to deal as it thinks fit with the investments which, together with the liabilities, will be taken over on that date. The acceptance of the Grant-in-Aid brought about cessation of the payments made during the war and afterwards by the Ministry of Health on account of the Emergency Medical Service. As an index of the work done in the war years the following totals of receipts for these services at the three Units are recorded.

	R.I.	R.H.	E.A.P.T.C.	TOTAL
	£	£	£	£
Gross Amounts .... ....	141,461	120,780	963	263,204
Less Payable to Medical Staff .... ....	12,548	6,208	—	18,756
Received, net .... ....	£128,913	£114,572	£963	£244,448

## UNIVERSITY GRANTS

We have pleasure in acknowledging the following grants made by the University of Sheffield :—

Towards maintenance . . . . .	£6,000
Towards cost of Medical Professorial Unit (Royal Hospital) . . . . .	£3,000
Towards cost of Lecture Room and Laboratories for Students (Royal Infirmary) . . . . .	£6,000

## PERSONAL

The greatly mourned death of Sister L. Gillatt—Assistant Matron, Royal Infirmary—occurred suddenly whilst she was still active, and closed a record of 35 years' devoted and loyal service to the Institution.

Miss M. Dean retired at the end of the year from the administrative Staff of the Royal Hospital, where she had rendered 38 years of unbroken and valuable service. The best wishes of the Court are extended to her in her well-earned retirement.

## THANKS

In addition to the thanks already contained in this Report in one connection or another, we wish to express our most grateful appreciation of the help given by all who have contributed to the work and welfare of the Royal Sheffield Infirmary and Hospital by making donations of money, gifts in kind, or by rendering personal service. The splendid spirit of service which inspires our supporters is greatly admired by all thinking people, and the Court is deeply conscious of the debt of gratitude owed.

It is impossible to mention the innumerable helpers who come within this sphere, but perhaps particular reference should be made to the Peoples and Governments of Australia, Canada, New Zealand, South Africa, and other countries in the Empire, for handsome and much appreciated gifts of fruit, food, preserves, etc.

From the United States of America a personal and substantial gift of tinned foods was received from Mr. H. J. Heinz.

The Trustees of the Talbot Cuff Convalescent Fund have not diminished their most generous financial aid by which the Institution is enabled to provide a convalescence and after-care service.

We are indebted to the Trustees of the George Woofindin Convalescent Home for the extended special arrangement by which the Rehabilitation Unit has use of commodious premises and grounds at a nominal rent.

Continued and substantial support has been received from :—

The Hospital Sunday Fund ; Alexandra Rose Day Committee ; Bernhard Baron Trust ; Church Burgesses Trust ; The Town Trustees ; The South Yorkshire District Miners' Welfare Association ; Ladies' Working Association of the Royal Infirmary ; Voluntary Assistants—Royal Infirmary Canteen ; Linen and Clothing Guild of the Royal Hospital ; Samaritan Society of the Royal Hospital ; Tapton Court Working Party of the Royal Hospital ; The "Goops" Association ; "The Sheffield Telegraph" Children's Ring ; A. J. Sanders Memorial Competition (Sheffield Friendlies Football League).

Thanks are accorded to the Staffs in all Departments of the three Units for their loyal and efficient service throughout the year.

## **PERSONAL SERVICE IN THE FUTURE**

Provisions are made in the National Health Service Act by which intending donors may still make gifts to hospitals with the assurance that their benefactions will be applied in accordance with their intentions and for the benefit of the particular hospital or locality in which they are interested.

Such gifts can be made for "extra comforts" over and above the standard service to patients in hospitals ; to name a Bed in memory of a deceased relative or friend ; ancillary services (for example, a research laboratory), and for many similar objects. We believe that if the vitality and humanity of the hospital service in this country are to be maintained, it is essential that all charitably disposed persons should continue their interest in the service and give their personal and financial support.

As far as the people of Sheffield and the surrounding districts are concerned we are confident that the comfort and well-being of those needing hospital treatment will never be overlooked.

**RONALD W. MATTHEWS**

Chairman

**FRED M. OSBORN**

Deputy Chairman

**STUART C. GOODWIN**

Treasurer

*May, 1948.*
